DV- AMC Leader in Training (LIT) Program

The goal of the DV Chapter's **Leader in Training** program is to ensure that LITs receive the most substantive experience possible while they are doing their co-leads, including being responsible for trip planning, screening, coordinating, etc.; not just showing up at the hike and acting as sweep.

Please use the list below to guide the activities that your Leader in Training does on their co-lead, and send the completed form to Leadership Chair Jeff Fritzinger (leadership@amcdv.org) after the activity takes place. Thank you for assisting this Leader in Training!
